Schedule of Assumed Contracts

(1) The inclusion or exclusion by the Debtors of any contract or lease on this schedule shall constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors or the Post-Effective Debt Debtor or their respective affiliates has any liability thereunder.
(2) The Debtors reserve the right, in their reasonable discretion, to further amend this schedule to add or remove any executory contract or unexpired lease for any reason, including executory contract and unexpired lease that are subject to an Affirmative Assumption Dispute (as defined in the Confirmation Order).
(3) Related lease parties represent current lease co-owning parties and are not parties to the lease.
(4) Associated leases represent the oil and gas leases that are associated with or related to the same underlying contract.
(5) Reference is hereby made to the Debtors' Eighth Amended Joint Chapter 11 Plan of Friedwood Energy and its Affiliated Debtors, (ECF No. 1742) (including any exhibits and schedule thereto and as may be further amended, supplemented or modified, the "Plan"). Capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Plan. The proposed treatment set forth in the Schedule of Assumed Contracts is for informational purposes only. In the event of any conflict between any of the Credit Bid Purchase Agreement, the definitive documents or any other documents relating to any Plan of Merger (collectively, the "Transaction Documents"), on the one hand, and this Schedule of Assumed Contracts, the applicable Transaction Documents shall control.
